Mr Dantas,

Thank you for your letter and for your interest in having the support of FIBA for the YMCA World Challenge initiative due to take place on 13<sup>th</sup> October 2012.

On the basis of the information that has been provided to us about the 2012 Hoop Springs Eternal/Global Basketball shoot, it is with great pleasure that we can confirm our support.

We are always in favour of any movement that brings together youths from around the world – putting aside/overcoming barriers such as race, sex, religion – and doing so through basketball no doubt makes it a fun and enjoyable experience.

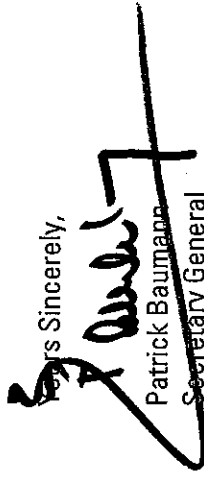

Here are the ways we have identified in which we can support the YMCA World Challenge initiative:

1. We will allow you to use the FIBA logo as a partner of the event. However, it should not appear alongside commercial sponsors you may have and all items – posters, banners etc... – carrying our logo must be approved by FIBA.
2. We will pass on the information regarding the initiative to all 213 of our national federations so that they can spread the word in their countries and territories.
3. We will use of our communication and media channels to ensure awareness (and subsequent coverage) of the event.

Regarding the last two points, we will keep in contact with you to define the best strategy (when, how, etc...) to carry out those goals.

I hope these measures are suitable to you.

Yours Sincerely,

Patrick Baumann  
Secretary General
